

U.S. EPA Brownfield Grants 2017-18

Brownfield Grants

Specific amounts offered for each grant type:

Assessment Grants

Community-wide Applicants: Apply for \$200,000 to \$600,000 to evaluate contaminated properties and plan for redevelopment. There is no match requirement.

Site Specific Assessments:

Up to \$200,000 is available to evaluate a single, large property.

Community-Wide Assessment:

Up to \$300,000 is available to evaluate multiple properties.

Community-Wide Assessment Coalitions:

Up to \$600,000 is available for several communities or agency jurisdictions to evaluate multiple properties.

Cleanup Grants

Apply for \$200,000 to \$600,000 to clean contaminated properties. Eligible government or non-profit applicants must own the property. There is a 20% match requirement.

Revolving Loan Fund Grant

Apply for up to \$1 million to start a Brownfields Cleanup Revolving Loan Fund. Grant recipients use this fund to make low-interest loans and grants to property owners to clean up their contaminated properties. There is a 20% match requirement.

Environmental Workforce Development & Job Training

Apply for \$200,000 to train unemployed/underemployed adults in environmental management and cleanup skills and place graduates in full-time jobs. There is no match requirement.

Groundbreaking at Paradise Creek Apartments, National City, California
